1.2 PURPOSE

The main purpose of this website is to provide easy assistance to both the customer as well as the Sports equipments store owner with proper database and information.

We want to provide a secure experience of online shopping to customer.

1.3 SCOPE

Selling products and services over the internet without the need of going physically to the market is what online shopping all about online shopping is just like a retail store shopping that we do by going to the market, but is done through the internet.

Online shopping makes use of digital technology for managing the flow of information, products and payment between consumer site owners and suppliers.

Shopping cart is one of the important facility provided in online shopping, this lets customer to browser different goods and services and once they select an item to purchase they can place the item in shopping cart and continue browsing till the final selection.

Customer can even remove the items from shopping cart that where selected earlier before they place the final order. It reminds us of shopping basket that we carry in departmental store.

- **Registered User's Area**
  - Register user can do various functions like search, view, add_to_cart, order etc.
  - Register user can view are search categories of the product.
  - Register user can view all the details of the product.
